

Unreasonable Women- A Modest Proposal
(Dedicated to the Indigenous Women
of Nigeria who took on Chevron and won)

If the news gets too depressing
And you feel you can't go on
Take off your clothes
Take off your clothes
And circle the Pentagon

If the government annoys you
And you don't know what to do
Take off your clothes
Take off your clothes
And circle the White House too!

If the congress acts like lemmings
And you just can't make them hear
Take off your clothes
Take off your clothes
And dance around in their chairs

If the women of Nigeria
Could shame the big oil boys
Let's take off our clothes
Take off our clothes
And take away all their toys
